

The Renegade XB2 is a fusion of the most reliable and the latest technologies. The result: a cutting-edge fixture with a compact design. At 35 pounds, the RXB2 generates tremendous light output and features crisp projections across its broad zoom range. Boasting one of the tightest beams on the market, the Renegade XB2 makes its presence known in show venues of all types. Two gobo wheels and a variety of modern looks means the RXB2 is perfect for architectural applications as well. Whether you need a corporate spot wash, or a club cutting beam, the Renegade XB2 has got you covered.

**Power**

Input voltage : 90-240v AC 60/50HZ  
Consumption : 480 Watts  
Lamp type : OSRAM SIRIUS HRI 280 W  
Connections : PowerCon Input

**Physical**

Size : W:38.2CM H:58CM D:36.5CM  
Weight : 16Kg / 35.27Lbs.  
Display : Color LCD 55mm display  
IP Rating : IP20

**Control**

Control : DMX, Sound, Auto, Manual  
Input : 3 and 5 pin DMX with passthrough  
DMX Footprint : 16 / 24 channels  
Movement : 8-bit or 16-bit Pan & Tilt  
Dimming : High speed 2 blade shutter & dimmer  
Color : 13 dichroic glass color + white  
Gobo : Primary 9 rotating dichroic glass gobo wheel + open, Secondary 14 static gobo wheel with beam reducer + open

**Optics**

Beam Angle : Motorized zoom 2.5°-25°(16bit)  
Focus : Motorized focus (16bit)  
Effect Filters : 2 Rotating Prisms: 8 facet circular and 6 facet linear prism
